G'DAY IT'S TERRIFIC TUESDAY

We welcome each day with a bright and colourful banner in reception, our guests love it. Here is 'Terrific Tuesday'. Can you guess what Wednesday's will say?

A FISHY ON A DISHY

Keen fisher Mario Picone from Italy was eager to fish the Reef to see what he could catch to bring back to Cairns Holiday Park to cook for his friends. After receiving advice from Bob about the different fishing tours, Mario decided to go on a day's Reef fishing trip with MV AquaCat.

Peter the Skipper said that Mario had come out on a brilliant day. The weather was perfect, five knots, clear skies and 29 degrees outside temperature, the fish were biting and every fisherman came home happy. Mario returned to us delighted with his day's effort and said that he had been waiting

years to come home with such an impressive catch. Mario proudly cooked for his fellow Italian friends, who were also thrilled. He said that he can't wait to return to Cairns in the following years to once again go fishing on the Great Barrier Reef.

Italy's fishing will never live up to his super day in Cairns.

Mario also enjoyed some local Cairns fishing from at popular spots including estuary fishing at Machans Beach and fishing off the jetty at Palm Cove.

THE FESTIVITIES CONTINUE

The festive season is not forgotten here at CHP. Arno and Nam from Belguim had Christmas further down the coast, but thought they'd bring Christmas cheer with them to Cairns, albeit a little late!
